If we don't detain the traitors, it was a waste of time.

These people are delusional. I stopped trying to point this out to them, but they seem to think that they will be timeless heros that save the nation when the reality is that they'll stand around for a few hour and do nothing. Anyone that thinks they will save the republic in a single day with no secondary consequences is dangerous and should be ignored.

Beat them into submission, then beat them some more. It's hard to run away with broken legs.
